TADDISETTY PRAVEEN KUMAR

Computer Science Student / Web Developer

7286966451 • t51157164@gmail.com • LINKEDIN ID: PRAVEEN KUMAR • AP, Guntur district, Chebrolu-522215

Summary

I am a dedicated Computer Science Engineering student with a strong background in web development and programming. My projects, including a weather tracking website and a Cristiano Ronaldo achievements site, showcase my skills in both frontend and backend development. I am committed to expanding my technical knowledge and delivering impactful solutions. Seeking a position to contribute effectively and grow professionally.

Intermediate   06/2019 - 05/2021

S.N.G high school , Chebrolu
SSC   06/2018 - 05/2019

Skills

Group Title: 1. Frontend : HTML, CSS, JavaScript | 2.Languages: PYTHON

Projects

Weather Tracking Website   Online
                                                                         01/2023 - 01/1970

A weather tracking website providing users live updates on weather conditions.
- Created a weather tracking and reporting website using HTML, CSS, JavaScript, and Python with Django.
- Implemented real-time weather updates by fetching data from APIs.
- Designed a user-friendly frontend interface ensuring smooth navigation.
- Managed data and user interactions through Django backend.
- Included a portfolio section showcasing web development projects.

Cristiano Ronaldo Achievements   Online
                                                                         01/2023 - 01/1970

A website that highlights Cristiano Ronaldo's career milestones and achievements.
- Built a website showcasing Cristiano Ronaldo's achievements using HTML, CSS, and JavaScript.
- Added interactivity with JavaScript for dynamic features like career timelines.
- Integrated real-time data to keep fans updated on Ronaldo's latest achievements.

Certification

Basics of Python — Uniathena ssuing Organization (09,NOV ,2024)

Website Development Tutorial — Infosys ssuing Organization (21,NOV ,2024)

Introduction to AI — Great Learning ssuing Organization (15,NOV , 2024)

Additional Skills

VIDEO Editing · PHOTO Editing

Strengths

♛ Self motivator .
* Discipline turns intentions into habits and ensures steady progress toward goals.
